**Iran & co,****President Rouhani,****I - InterimPrimeMinister DésiréeElisabethStokkel for Iran and UNSG - determine the new Dresscode for the People of Iran.**

Equality between men & women, but in the awareness that men need to dress differently from women on the workforce.

It can be that men wear less clothes on the workforce than women do, for reasons of Safety & Security.

At the workforce, the Business-plan & Houserules of the Organization determine 'Safety at work with fashion'.

The body of the men & women must be covered for the eye of the public. The body may not be dresses 'sexy'.

**Female Body-parts must be covered with clotes:**

Thorax: No 'sexy' outfit + no breast may be visable + top schoulders must be covered.

Belly + Hips + Legs must be covered; from the ankle-bone skin may be viasable. Arms may be free of clotes, but preferably the upper arm is covered with clotes.

Shoes are obliged.

In Public-buildings it can be obliged to cover the head for religious reasons.

In Business to cover the head is no longer obliged, for cultural or religious reasons; but 'Safety at work can demand to cover of the head', which will be determined in the Houserules of the Organization.

Make-up can be forbidden for reasons of Safety & Security.

Sports: Houserules of the Organization can prescribe specific demands towards 'clothes to wear, for reasons of Safety & Security'.

**Mens' body:**

The men live by the same obligations as women do, but there is 1 acception to the rule; Men don't always have to cover their thorax.

Houserules of the Organization determine under which circumstances the men do or don't have to cover their thorax.

**Childs' body:**

Girls live bY the rules for women.

Boys live by the rules for men.

**Punishment:**

Each Individual human body of 18 years or older - male or female - will be punished for 'Not Exercizing the IPM- dresscode for Iran'.

The punishment will be:

365 Days Community work under Police-observance

at the lowest Social Income determined by Iran-law.

Community-work can also be determined 'as the job the offender exercizes on a labourcontract'.

Children from the age of 14 may be punished with:

- 24 hours house-arrest
- 1 week house-arrest
- Community work for 1 day - 1 week
- 

**Religion:**

Each Individual human body is free to cover the full body for religious-needs in private-needs.

**President Rouhani,**

Even men & women in Holland need a dresscode;  
personally I think it should be forbidden to be half-naked in the City.

As you know we do own Dresscodes at work/ in Organizations, in Holland.

To be half-naked 'for Fun' can be permitted during a Special event,  
for which a permit is required.

'This will increase the National Security on the Streets on an average day'.

In my private brain the advertisement of the Nude-human body = brain-polution.

The 'Sexy lifestyle' blocks the Evolution of Social Intelligence in Justice,  
now it absorbs too much media-attention.

Evolution of Social Intelligence in Justice is more significant than 'being Sexy'.

**The media only work for the Stupids, not for the Individuals who are on Earth  
to build Evolution of Civilization with the Best available Skills.**

**'To be Sexy = No Skill = unscrupulous behavior + legal laziness'**
