Malaysia,

You know that in Dictatorship NL there is No Difference between the methods of work of NL and Interpol. We have more Criminal Judges than sound Judges working in our Courts of Law.

Both - NL & Interpol - are 100% corrupt; both misuse the InternationalCriminalCourt as a cover for their murders.

The Malaysia investigation on the death of the NL- Belgium model IvanaSmit... conducted by Interpol ... will not result in a more trustworthy result.

Here I - InterimPrimeMinister RepublicNL - ask you to conduct the Malaysia-investigation and publish the result on the Government- Embassy website.

I publish this email on my new republiek-nederland-18nov2016-site.

Only email me when you operate legally correct:

UN Charter - Torture treaty - Humanright treaties - Constitution - National Law.

Soverin-email box is delivered with my new NLE-provider.
Disaster.

Log in via many websites / doors.
Soverin blocks emailaddresses; which are operational on other Email-providers.
Screen is full of headers; hardly any space to type the text.

Tools only operational with a lot of patients.

I think that I am not secured!

I have about 3 x a week the Wannacry Microsoft hackers on my phone.
They know 'that I will not fall into their traps', so they address me like family.
To make clear that they observe me.

Hackers know that NL is a Dictatorship - Republic.
