FBI, RepublicNL,

As the InterimPrimeMinister for USA, I must remove

'word-games played by the Whitehouse, focussed on the Centres for Disease Controle and Prevention'.

Well, here we go:

I - Désirée Elisabeth Stokkel, InterimPrimeMinister for the USA in the Whitehouse - determine for: <https://www.cdc.gov/>

All Centres for Disease Controle & Prevention in the United States of America may use any Medical Terminology as listed with the American Association for Medical Assistance and

all official Universities in the USA. With the aim to be able to communicate - internationally - in the Medical World.

From my unique Legal Position on Earth, I add to the list Medical Terminology:

'Bullshit-talks' = nonsense - useless - time / energy / money consuming talks Nobody on Planet Earth needs.

Characteristic for 'bullshit-talks' : it creates problems in the minute the Torture-treaty could have removed all kinds of trouble from the human body.

I hereby give the American Psychiatry Association - <https://www.psychiatry.org/> - the freedom to refine the Definition for Bullshit-talks for professional listig under Medical Terminology.

Again. I must emphazise it: the UN charter - Torture treaty - Humanright treaties provide in better words / sentences for removing the problem for the Human being.

Thanks!

FBI

I have opened a website on which I address KeatonJones.

The FBI must work more intelligently.

Solutions are available on a short notice and in an easy-to-use system.

The Arbitration-courtsystem.

You know that both Trump and UNSG Guterres refuse to work legally correct, what causes harm on many human bodies.

Now I am the InterimPrimeMinister for the Whitehouse in the USA, the FBI-top has an enormous amount of power.... for solving Problems; you can ignore Trump and the USA-parliament.

Simple start to Solve Problems.

I will publish this email on:

<https://keatonjones-foundation-fbi-cyber.weebly.com/>

O, by the way... VIPS must be ashamed of themselves.

First they use Keaton to make themselves more famous... and then they suddenly withdraw, without implementing the Childrens' treaty & Torture-treaty.

Without giving Keaton advice for 'going to Court'.
