### FBI, Embassies,

### FBI, here we go again....

I - Désirée Elisabeth Stokkel, Interim Prime Minister for the USA (& UNSG per 1jan2018) - determine that the USA-government will remain functioning 'as normal'.

There is NO USAgovernment-shutdown due to childish powergames by the Donald Trump-administration. '

Every USA-citizen who suffers due to an USAgovernment shutdown can turn to court and demand the maintenance of his / her job / labourcontract as usual - based upon the Torture treaty.

Its also forbidden for Trump to torture his own USA-people, despite the fact that he prefers to ignore all his legal obligations.

### FBI,

The FBI-agents working on my file - on a daily basis - must be 'a though gender--person'. Even, I begin to feel for this person, who must do my job in the USA... for me.

I still don't know 'who is the FBI - USA - IPM - President inside the Withouse-system'.....

O..... oooo.... I am so fed up with the Evolution of Stupidity.

And, for the USA I do want the RepublicNL-laws too:

- to synchronize the USA-labourmarket / labourconditions with RepublicNL
- to create smaller Healthcare-insurances 'somewhat in line with NL' = 1 H-insurance for Dentist + 1 for GP-family-doctor +
- I already have put into power the Illegal Weapon- registration-system, without punishment.. for the keeper of an Illegal Weapon.

And I have shipped NL Head of Police ErikAkerboom to the Crimea = end of many .... many ....  
Bulshitt-communications.  
This makes the Police-work more doable.

Okay, back to work: No USA-government-shutdown.
