**Meghan & Harry, Kate & William,**

**Meghan...** they must add your name to the RoyalFoundation website.

I need to write many awfull letters, so I give you the shortlist into the Future.

When Kate & William got married, I had clear sentences inside my head, like "Love is always in the missing trees'.

For you and Harry... I run into Lama's.....  
'They have their own personality'.

Meghan, the personality of the Lama protects you.

### **Meghan's G-duty:**

Cleanup NGOs, where IPM Desiree can't go... at the moment.

Youthcrime can easily be restrained, on the condition that kids get Law-education.

In Holland Schoolboards still think that they are funny when they lobby in both: DictatorshipNL + RepublicNL.

I can explane and prove a million times 'that crime increases due to the Lack of a State of Law in NL... but rulers still believe 'that they are funny'.

Narcism turns into psychopatic-rituals... in a growing group of criminal-minded Dictors & co.

In Holland, crime is finding its new set of lines at the moment; up North.

### **Torture-treaty = Galaxy-gift.**

Meghan, because you are new in the herd... you can use another communication=model.

Choose the Troture-treaty as you Anchor to fall back on in difficult times.

Say it, to the people: 'I am going to take the Torture-treaty as my anchor coming years... to remove Youthcrime from Earth'.

All Embassadors start to Bungy-jump behind their desk; that their problem.

The Torture-treaty gives you acces to the brain of the Kids... in a way it doesn't hurt....

Its an easy-to use treaty, next to the Childrens-treaty.

O, forget about the Women's treaty; men are being discriminated too.

Communicate Neutral - like I do - and you can say anything everywhere.... People respect you for honesty, when you are not afraid to Clean up with the UN chatters - Torture treaty in your hands.

BREXIT

BREXIT-negotiators want both: Dictatorship NL + Republic NL.

Because they do I started in ICC law case against them; billions of euro's are being wasted on their theaterplay.

The clock ticks away the People's life... while they suffer. Wrong.

Meghan, take the EU-Future-proof-treaty as a foundation for BREXIT.

BREXIT is No Longer needed thanks to the EU- Future-Proof treaty.

Politicians don't want to admit this publicly.

InterimPrimeMinister in NL - USA - Japan - NorthKorea - Iran - Russia.

What is it good for?

Well, Trump can't work anymore.

Japan President Abe can not grow into a narcissist - psychopath.

NK will move onto to agriculture and so...whether Kim-jong-un likes it or not.

Iran Khomeini laughs and torments the Saudi in the media; who torments back.

Turkey - Erdogan - tries to copy my skills, but forgot to give the people a new Constitution with Cleanup-power inside the Municipal - District - Parliament.

Africa is blackmailing NL in every document.

India... can never become a victim of the 100% Spylaw which will be put into power in June 2018.

EU is only fighting over Labour contracts for the Elite.

Holland? NL is hell for me personally to reside in.

I am losing my Talent & Life over here.

Okay, I am supposed to get a new email address in a protectec mailbox this week.

I will publish this email on [www.republiek-nederland-18nov2016.com](http://www.republiek-nederland-18nov2016.com)

InterimPrimeMinister-tab.

You don't need to act, Meghan.  
You can just be yourself.
