ICC lawcase against all Embassadors & President / Head of States of EU- and UN-memberstates for the legal fact that they support Dictatorship the Netherlands from 2june2014 on and refuse to recognize Republic-NL officially from 18nov2016 on; without any manipulations / blackmail / torture / murder.

**ICC Prosecutor Fatou Bensouda, ICC President Silvia Fernández de Gurmendi ,
Embassadors – President / Head of States EU- Ministers of Foreign affairs and EU
and UN-memberstates**

ICC,

**Terrorists have no longer a reason to keep fighting,
now I start an ICC-lawcase against
all Presidents – Ministers of Foreign affairs.**

All President / Head of States – Embassadors in the Netherlands – Minister of ForeignAffairs on Planet Earth support the Dictatorship the Netherlands and the murders designed & exercized by the International Criminal Court personnel, approved of by UN – EU – Nato.

1. They misuse my ICC-lawcase against NL as a blackmail-tool from 1may2007 on; have created a violent double lobby within NL or in connection with NL, what has caused the financial crisis and more terrorism - war. This all, at the cost of my life. And the lives of the MH17 -flight passengers, who are being killed for the maintenance of lies about the ICC-lawcase against NL.
2. They torture – murder Dutch Civilians and people in their Homeland. The persons against whom I start an ICC-lawcase on 1august2017 have placed themselves above the law and **WANT** torture - murder – terrorism – war – economical disaster.

3. They start murder of individuals – terrorism – wars for their personal greed & sadistic needs, which can only be stopped with more violence or an ICC-lawcase against this FAKE-leaders. Or, for the money they earn with the development of technology against the violence, they started themselves in the first place.
4. If they would be good-hearted politicians / business persons they would not keep ICC open as a laundry-service & cover for their warcrimes; they would not support the ICC-lobby and ICC-personnel with torture-murder on victims who turn to ICC and for the distribution of terrorism - war. They would operate legally correct in for All of Us, for the removal of warzone. Publicly, in the media.

There is one system left to stop the leaders on Planet Earth, who break down mankind & nature, and that is:

' To start an ICC-lawcase against all the powerful leaders who support the killings in coöperation with the Netherlands – UN – EU – Nato- ICC'.

An ICC -lawcase against all leaders results in the legal fact that all their stories – manipulations – criminal deals – EU and UN resolutions fall Silent; they are officially all equally criminal. All their signatures under legislation is worthless.

According to the UN Charter – Torture treaty – Humanright treaties its forbidden to communicate with criminal leaders and / or to keep criminal leaders in their powerfull position.

The EU-treaty is irrelevant, now its not written in line with the Torture-treaty.

This charge against all President / Head of States – Embassadors – Ministers Foreignaffairs – Business persons, makes clear 'who keep eachother alive in the political/ economical world for more crime – terrorism – war'. The people in the Homeland of these FAKE-leaders must remove them from their over-powerfull labourcontract and replace them with leaders who do implement & conduct the UN charters and all its Humanright treaties for every single person on Planet Earth.

To be clear:

1. I can only press charges against below listed dictators for the fact that they support the Dictatorship NL and EU – UN – Nato in keeping Dictatorship NL alive.
2. I can not clean up crime – terrorism – war in the Homelands of these FAKE-leaders.
3. The people in the Homelands of the FAKE-leaders must demand that their leaders leave office and are being replaced with new leaders who do conduct the UN Charter – Torture treaty – Humanright treaties – Statute of Rome; ICC must be closed down temporarily and cleaned up by new ICC-personnel under supervision of me – DesireeStokkel, who started the ICClawcase against NL in may2007 –. Criminal ICC-personnel must be punished for warcrimes, themselves.
4. New leaders must recognize Dictatorship NL 2 june 2014 and the Republic-NL per 18nov2016; new leaders must demand that ICC operates like a transparent fair court of law.

Whats the REAL conflict between the FAKE-leaders and the Dutch woman who started an ICC-lawcase against NL?

1. I live & work by the law.
2. I don't need to kill people in order to build an Economical system.
3. I don't need to have self-pitty; don't need to be liked by everybody; don't need to keep rotten systems alive with the aim to keep Myself powerful & famous.
4. I work & build, instead of distributing Brain-wash / Bullshit talks around the Globe...

and I make others build together with me.

5. I have far more Social Intelligence than all the President / Head of States & Co on Earth collectively radiate.
6. Why do I fight / care and stay on Planet Earth? Can't stop fighting, because the whole NL-bureaucracy is build for FUN-killers only. I have self-esteem and residence in The Evolution of Evolution. Have put 2 children in hel Earth.

There are other Planets in the Galaxy where creatures who look like mankind live in a more civilized construction. I wish I could go 'Home'. Unfortunately, for a limited amount of time, I must believe 'that Home is where my body-soul-spirit is for the Evolution of Social Intelligence', a waste of time on Barbarian Planet Earth.

My Demands against all persons I have started an ICC-lawcase against:

1. All persons against whom I start an ICC-lawcase must recognize the ICC-lawcase I started on 1may2007 against the Netherlands, publicly. They time that they can misuse my evidence to turn themselves into Better Dictators – and make money out of me – is over.
2. All persons against whom I start an ICC-lawcase must recognize Dictatorship NL 2june2014 and Republic-NL 18november2016. Publicly and not only in the Blackmail – Bullshit Lobby system.
3. All persons against whom I start an ICC-lawcase must be removed from their labourcontract – now they are **ALL** official warcriminals – and must be replaced with new persons wo do live & work with the UN charter – Torture treaty – Humanrighttreaties – Statute of Rome legally correct.
4. Over the past 10 years, I have kept my demands 'fair'. I only demand 'one year in prison' for a person who in fact must be yailed for live for warcrimes taken the gravity of their crimes.
And I demanded a 100 euro payment per person per month for the damage they cause me, starting from the day they entered my life.
This system changes here today with this letter, because they all misuse me as their Slave for reaons of personal wealth and the realisation of crime – terrorism – war in their advantage.

One year prison-sentence + payment for damage.

The payment for the damage persons against whom I start an ICC-lawcase, is being RESETTED in this Cleanup letter:

I demand that all persons against whom I start an ICC-lawcase pay me a 100 euro per person per month – counting from 1may2007 on, as a payment for the damage they cause me. They have misused my patients and civilized behavior towards them; they turned themselves into better criminals in stead of better persons who operate legally correct.

5. **I demand that all Politicians – Embassadors / Presidents / Ministers of Foreign affairs each may me one million euro for the damage they cause me.**

After the Tax-office has proceded on these damage-payments I shall give back to the Simple People in the Homeland of the Politicians who misuse me to become a better Dictator, an amount of money of 500.000 euro out of every one million euro I have received.

Thus: I do take money from dictators. And give it back to the Simple People who really need it. I don't make money out of this! I have to pay an enormous amount of TAX in NL, now 'I am an ICC-Slave'.

- 6. When all the persons against whom I started an ICC-lawcase don't want to be put in prison and don't want to lose their labourrights for once and for all... they can offer me a settlement & payment for the damage they cause me, after reading this letter.**

I demand of every person – other than Embasador – President of a nation – Minister of Foreign affairs of a nation – a payment of a 100 euro per person per month, to be calculated from 1may2007 untill the day they write my this settlement-letter. They will be internationally recognized 'as warcriminals who get off extremely light & easy', but they won't go to prison.

7. I demand that every Politician – Embassador – President of a nation – Minister of Foreign affairs of a nation, a settlement & payment for the damage of one million euro. To be payed on my personnal bankaccount, after correspondence. After Tax, I will give 500.000 euro back to the poor people of the FAKE-leader in the Homeland.

8. I demand of the Ministry of Common Affairs a settlement & payment for five million euro, after TAX. Now I am InterimPrimeMinister I can arrange this Myself, but for Peace & Justice on Earth, 'I'd rather see that Dictators Markrutte and King Willem-Alexander, explane to the people 'what has gone wrong and that NL is a Republic from 18nov2016 on'.

I have chosen this amount of money to make something clear in NL.

In NL, criminal politicians have offered and payed criminals up to 4.7 million guildens for information on crime. They are kept out of prison. These criminals have turned themselves into 'better criminals' thanks to these type of payments.

I want to make clear 'that you can also use money to stop crime'.

I will also receive my salary for InterimPrimeMinister from 18november2016 on; followed by a benefit for politicians who leave office.

I will leave office on the day the NL-people have elected the Elected President for Republic NL; only this new President can take over my InterimPrimeMinister-labourcontract.

What, if dictators plan to stay dictators?

Name & shame

Thats the End of Planet Earth, now leaders refuse to live by the law.

They prove that they enjoy to torture – murder; not only me, but all the women on Earth, especially in warzone.

Simple people who suffer underneath the rotten policies of current Low-intelligent and Legally LAZY dictators will have to defend themselves and break politics down for their own survival. Rebuilding a Livelihood 'will cost too much to carry for Earth'; we don't have the raw materials – or the food – or the water. People will be too ill to restart.

What do we know?

Dictators prefer to stay out of prison and to be remembered.... as hero's in the historybooks. Politicians have the tendency 'to run away from the exposure of their criminal acts'.

What do I expect?

I expect the FAKE-leaders to want to stay in their rotten labourcontract... for a while....

But, what can they talk about?

All the media-communications they radiate on a daily basis, are 100% Bullshit – Brainwash talks. A 100%! What increases the number of small terrorism-attacks and the number of Refugees.

The Clean up of Politics & Business on Earth

I hereby start an International Criminal Court lawcase against:

I can't put all members of the NL- ICC- EU – UN Elite terrorist group in ICC-prison; some must be left out to clean up this war- makery in Holland.

I hereby start an International Criminal Court lawcase against members of the NL- Elitemurderclub Thehaguesecuritydelta who misuse ICC – the NL Judiciary as a murderweapon = Support Dictatorship NL and misuse Republic NL:
