This Law is written by Désirée Elisabeth Stokkel

The Constitution Republic NL simplifies the bureaucracy and removes
Crimes against Humanity from our bureaucracy

We, the inhabitants of the Netherlands,
are united in faith in our intelligence & self-efficiency .
Visible and touchable in equality between people and organizations.

We build our nation in the Human rights & freedoms of the Fairtrade & Eko economy.
Technology is a product developed by mankind and inspires and encourages us to
build this lifestyle, but it will never overrule mankind.
The nation the Netherlands on Planet Earth, will be passed on to the next Dutch
generation children still to be born. Visible and touchable in equality between man and
nature.

It is expected of highly developed intelligent civilized citizens in the Netherlands to
apply the full Constitution 2014-2016 voluntarily and legally correct for problemsolving
in daily lives.

Introduction

The European Union has no authority anymore in the Netherlands.
The EU assists the Dutch Parliament – Monarchy – International Criminal Court with
hidden torture – murder of Dutch nationals.

Dutch entrepreneurs support these EU-murder practices;
they deteriorate the standards for living – labour for civilians needlessly.

The European Union becomes a Law & Treaty-database where national laws can be submitted for
synchronisation with the national Laws of other EU-statemembers.

The period that the EU determines 'which Law the Nederlandse may or may not write – exercise'
has past.

The United Nations is going to operate legally correct.

Don't be mistaken!
This Law looks like a simply written Law, but can only be practices in cohesion
with the Constitution Republic NL.

The compulsory task to make problem-solving behavior a keypoint in the bureaucracy
and during a conflict is being claimed by the Arbitration-court-system.

In the Law-database of the NL Government I find **1836** EU- Laws & Treaties,
plus additional regulations accessible for the People.
I will re-anchor these Laws & Treaties in the current legal reality.

Article 1 Regime-change without bloodshed

On 18 november 2016, dictatorship the Netherlands is being transformed into Republic the Netherlands by Désirée Elisabeth Stokkel.

Dictatorship the Netherlands has emerged in the period from 1 May 2017 – 2 June 2014, and continues until 18 november 2016, according to the letter of the Law – United Nations Charter – Human right treaties.

Désirée Elisabeth Stokkel is being forced to defend her life – against organized 'Genocide by Bureaucracy' on her body – and to start an International Criminal Court lawcase against in a role of First Dutch Woman who starts an ICC-lawsuit. The national Judiciary Council in the Netherlands is 100% corrupt and makes files of lawcases disappear on request of Members of the House of Representatives and Senate in the Netherlands.

In the Netherlands a civilian may not stop dictator-behavioral patterns on his or her body with a Court-case, conducted by Members of Parliaments or Members of the Royal Family.

Civilians in the Netherlands are being damaged or killed for the fun of the Members of Parliament, the Judges with the Supreme Court and Judiciary Council, the Clingendael – Dutch Safety Board – NIOD – lobby, the Bar Association and the Legal Aid Council, plus Queen Beatrix – King Willem Alexander and the European Union and UNSG Bankimoon.

The NATO kept the Genocide by Bureaucracy in the Netherlands carefully planned alive, despite the fact that this is forbidden by the Charter of the United Nations.

On 2 June 2014, Désirée Elisabeth Stokkel has started an ICC-lawcase against King Willem-Alexander for the fact that he proves that he refuses to protect the People against a live in Dictatorship the Netherlands.

According to the Constitution for the Kingdom the Netherlands the King signs the Laws & Treaties which are legally valid for the Netherlands. As soon as the King refuses to exercise this Constitution – and refuses to conduct the Human right treaties – and thus... refuses to protect the People against dictator-behavior of all Members of the Parliament and the Judiciary Council, The Netherlands is a 100% Dictatorship.

Désirée Elisabeth Stokkel claims the labour contract Interim Prime Minister for NL per 18 Nov 2016 with the dictators Prime Minister Mark Rutte and King Willem-Alexander.

This claim runs via the United Nations Secretary-General Antonio Guterres, who starts in his UNSG-labour contract from 1 January 2017, and to all ambassadors.

All civilians in the Netherlands can – must build the Republic the Netherlands conform the rule of Law as is written down in the Constitution Republic NL, per 18 november 2016.

Targets:

- Access to Justice for All of Us.
- Transparent, unambiguously and better affordable Court of law system.

- Fairtrade & eco trade, without the dictator-games of the House of Parliament & Senate.
- To reduce crime and to prevent terrorism-attacks from taking place in Europe.
- To stop organised murder on civilians, designed and conducted by the Parliament + EU + International Criminal Court + Judiciarycouncil + Barassociation +- Lobby.
- To prevent an EU-war with Russia and Turkey from breaking out.
- To simplify the bureaucracy and make it more affordable.
- To make the Netherlands Robot-proof.
- To realize Problem-solving international cooperation.

The International Criminal Court proves in her correspondence addressed to me, that ICC refuses to exercise the United Nations Charter – the Statute of Rome – Human right treaties during the investigation on a file submitted to ICC, by lawless civilians and victims of dictator-behavior or national Courts of law.

ICC ignores all my letters of complaint – victim complaints – and forces me 'victims to have themselves being tortured – murdered.

My correspondence – emails prove that ICC, the Parliament of the Netherlands, the Monarchy, the Judiciarycouncil and Barassociation, the Police and Europol, the Coördinator against Terrorism and the Nato misuse – damage – demolish victims who rightfully start an ICC-lawcase against their national dictators.

The ICC-personnel tortures – murders civilians on request of the Parliament of the Netherlands and the Monarchy and above mentioned organisations.

The embassy of Portugal has already received the ICC-lawcase against NL on file + more letters send by mail.
