The National Security of the USA is a 'Brainless slogan'.

Dictator Trump doesn't comprehend 'that Human beings have thinking - & behavioral-patterns'.

He comes up with a plan... that is an Open Door to every single Individual with brains.

'Every child that can kill a Caterpillar ...can sabotage the USA-security'

What they USA needs is Evolution of Social Intelligence, in Justice.

This requires:

The awareness that a Human being can do both: creat hel & Love - intelligence.

Hel occurs when you ignore your personal Legal Obligations and have No clue 'how to communicate about Legal Obligations of Individuals... for the realization of Love - intelligence'.

If you want National Security, you need to Map:
'the level of Self-awareness of the People about their personal Self-effectiveness'.

Do people believe 'that they can stop violence with words alone; or do they think they must fight'?

For persons who can stop violence with words, the Learning-curve runs via the UN-charter - Torture treaty - Humanright treaties - Constitution.

This group start every communication from the Torture-treaty to clean up themselves & others.

Persons who believe 'that they must fight'..... first need to be made aware of the fact 'that they have self-awareness and can change in favour for non-violent Security'.

This group must be put in their place with the Torture-treaty, by Individuals who already have that skill 'to build peace with the Torture-treaty & Humanright treaties... routinely'.

Its all about Creating New Routines and Sharing New Routines.

Groups like: UN - Nato - EU - Nations - International law & justice

Dictator D.Trump.... is too stupid to comprehend

'that, when a Single Woman from Holland - Désirée Elisabeth Stokkel -

can give herself an extremely powerful position in the USA....
 only by 'operating legally correct for self-defence'
 others can do the same...

'Every single Individual abroad the USA - who starts to work legally correct in relationship with the EU- UN - Nato - Institutes.... from the UN charter- Torture treaty - Humanright treaties...can overrule every person who stays lazy & criminal'.

Nato is well-known as a 100% corrupt system inside the UN - ICC- lobby.

The UN = 100% corrupt and only operates to keep the Elite.. the Elite...., but the UN will be overruled by that individuals who does operate Legally correct for self-defence.

Business-persons believe that are smart 'when they keep the EU an ICC-lobbyclub', but they underestimate the fact that Small Businesses / Individuals can stop Evil Rulers.

Criminals - terrorists don't start lawcases against Rulers; they become better criminals.

And, again... only the Smart Individual who does work legally correct for Self-defence will survive.

What does the USA need?

A clean up of the Media & Reporters.

Worldwide journalists have Freedom to Murder, because they are Reporters. They assume... and the Rulers let them.

Security-services set the media free to be a warcriminal.

From the day all media & Journalists are forced to live & work by the same standards as any Individual must, we will have far less crime on Earth; lower need for Military - stuff.... and low-intelligent thinking - behavioral-patterns.

More Legal -intelligence with Law-enforcement & Defence.

**I want the FBI to start with the Good Example
 = rebuild the FBI-website from the Torture-treaty.**

First 3 Articles:Article 1

1. For the purposes of this Convention, the term "torture" means any act by which severe pain or suffering, whether physical or mental, is intentionally inflicted on a person for such purposes as

obtaining from

him or a third person information or a confession, punishing him for an act he or a third person has committed or is suspected of having committed, or intimidating or coercing him or a third person, or for any reason based on discrimination of any kind, when such pain or suffering is inflicted by or at the instigation of or with the consent or acquiescence of a public official or other person acting in an official capacity. It does not include pain or suffering arising only from, inherent in or incidental to lawful sanctions.

2. This article is without prejudice to any international instrument or national legislation which does or may contain provisions of wider application.

Article 2

1. Each State Party shall take effective legislative, administrative, judicial or other measures to prevent acts of torture in any territory under its jurisdiction.

2. No exceptional circumstances whatsoever, whether a state of war or a threat of war, internal political instability or any other public emergency, may be invoked as a justification of torture.

3. An order from a superior officer or a public authority may not be invoked as a justification of torture.

Article 3

1. No State Party shall expel, return ("refouler") or extradite a person to another State where there are substantial grounds for believing that he would be in danger of being subjected to torture.

2. For the purpose of determining whether there are such grounds, the competent authorities shall take into account all relevant considerations including, where applicable, the existence in the State concerned of a consistent pattern of gross, flagrant or mass violations of human rights.

**Implement & conduct the Convention for the Arbitration-courtsystem
= Constitution RepulicNL..... despite the fact that UNSG = 100% terrorist.**

If you want Crime-levels down... you need to pre-talk the people

'on how the think & move in this new Fairtrade & Eco Arbitration-community'.

Minister of Defence

Why is this system called Defence, when Nobody can work with Treaties to accomplish Justice - Calmness?

Soldiers to no learn 'to communicate from Law & Treaties...for Problem-solving behaving inside an Arbitration-courtsystem'.

When Military -personnel lacks the Skill...to communicate for Justice & Calmness, there is NO Defence.

The USA National Security Strategy 2017 - 2018 should be focussed on 1 questions only:

'How can we defend the United States of America against Single Human Beings who are intelligently enough to build Evolution of Social Intelligence on national territory, in a way that they can take over the Whitehouse? '
