DictatorTrump, RepublicNL,

Trump, you forget 1 tiny problem, when you make all individual UN-memberstates negotiate Tariffs for the Steel - Methals -Deals:

'Not 1 UN-memberstate is legally obliged to do business with the USA'.

So, when you make the USA-bureaucracy costs too high, UN-memberstates will simple leave the USA... and do business elsewhere.

Which is absolutely fine with Me - IPM DesireeStokkel - .

So?

You are going to simplify the USA - EU bureaucracy with the new treaties as foundation:

The EU-future-proof-treaty = simplification of VAT-system + Excise duty-system into Value Excise Duty = Vexcised formula

The Arbitration-courtsystem with its obliged Problem-solving solution for conflict-ending, on national territory of each UN-memberstate... in every conflict, other than Crime for the judgements in Criminal court.

And, I want the Compartium = 1 International Currency that replaces all other currencies

= less waste of money in the administration in the Trade-world.

North-Korea,

Trump you are going to implement all my RepublicNL laws and new Treaties in the USA-NK relationship.

Simply, because I am IPM in both nations.
