Iraq, Kuwait, PD@UN.org, fsb, fbi, Embassy, IPA, ICC,

The problem with NL MP Hennis Plasschaert

= she murders persons who are more intelligently than she is.

**Holland = publicly growing Dictatorship;
UN mission NL in Iraq must be removed.**

Its legally forbidden to co-work with person against whom runs an ICCLawcase;
its forbidden to give these warcriminals access to Warzone... so they can kill
more people.

Don't be arrogant this time around: your arrogance will start a new Arab war.

'You need my written permission to assassinate her,

even on the territory of other UN-memberstates'.

DNL?

**Well, as you know... I have given the Dutch Police + Bordercontrole + Defencepersonnel
the legal authority to assassinate all persons against whom runs an ICCLawcase.**

MPs + Mayors + Politicians + Head of Police + 4 Defence commandors + Media-makers ...
plus.... Embassadors & UN-Presidents against whom runs an ICCLawcase. **You have asked for
it!**

**So... Only Fresh UN-Presidents & Embassadors are safe in Republic
Holland.**

**UNSG guterres is minimalized inside the whole- UN-system,
but this is not enough.**

There must be a **New Election for UNSG...
and I must appoint that person in his or her UNSG-labourcontract.**

And... I want to get payed by the UN = UNSG-salary.

There is a very important lesson here!

Not all Dutch woman are weak-hearted.

You - UN-memberstates - use Me for this design of the Clean-up proces.

This is low-intelligent on your behalf.

You restart a war and call this 'clean up'.

Men on Earth are too Low-intelligent to rescue Earth from Demolition.
